Hi - I know you feel  
INGRATED here but you feel  
COMFORTABLE, having one like children are  
also with us and now off my mind  
and now really living  
and working. If had a real cork & cat  
now I would have picked up some  
better resolution. I don't expect you  
resolution for you will work & sit.  
Victoria already received most & sit.  
wave blossoms are just  
the cherry blossoms full bloom  
I'm not going to speak again  
about being sent to the Iowa
